## EARTHQUAKE SHOCK

Wide Area of Central Japan Shaken

Tokyo, Mar. 11. A wide area of central Japan, with Tokyo as centre, was rocked by a severe earthquake at 3.12 a.m. yesterday.

The strongest tremor was felt in Tokyo and its outlying districts, including Ibaraki, Tochigi and Saitama Prefectures. Clocks stopped at various places.

According to the Central Meteorological Observatory, the epicentre was a point 38 miles underground near Sukaiido in the south-western part of Ibaraki Prefecture, about 120 miles north-east of Tokyo.

No loss of life or damage to property was reported.—Domei.

## LATE NEWS

### Moravian Incidents

Prague, Mar. 12. A series of incidents, during which Czechs assailed Germans, occurred in Bruenn, Moravia, to-day on the occasion of the anniversary of the incorporation of Austria into the Reich.

All German house owners and tenants had hoisted Swastika flags as well as the Czechoslovakian flag.

The first incident occurred in the morning at the German Hotel Hoffmann, where a number of Czechs smashed a window and attempted to tear down the Swastika flag.

About the same time, a German fireman was assaulted by Czechs in a street and knocked down.

When a Czech crowd sang the Czech National Anthem in the largest square in the city, a German, who did not take off his hat, and his wife were assaulted. The police, it is alleged, did not interfere.

Another incident took place when a German student was attacked by Czechs.

News of the incidents attracted large crowds, who marched through the streets singing German songs, and protesting against the Czech action.

A further affair took place in Prague when several young Germans in a Czech cafe were assailed by Czechs as they sang German songs. Two of the Germans were seriously injured in the fight, while the police arrested one of the assailants.—Trans-Ocean.

### Arabs Flogged

Jerusalem, Mar. 12. After the introduction of corporal punishment in Palestine a few weeks ago, the first sentences of flogging were passed to-day by the British authorities on two Arab boys aged 14 and 12 years.

The 14 year-old youth was sentenced to five years imprisonment and 12 lashes, and the younger boy was sentenced to six lashes.

Two other young Arabs were sentenced to death.

All the sentences were passed for carrying arms, and were imposed by the Jerusalem military court.—Trans-Ocean.

## LANDING MISHAP AT UDORN

### Damage To Delphinus Delays Mails

Bad weather and a landing mishap at Udorn affected plane and mail services at the week-end. In spite of very poor visibility one Imperial Airways plane, with passengers, arrived from Bangkok on Saturday afternoon, but the mails did not arrive until yesterday afternoon, being held up at Udorn by damage to the Delphinus.

The reluctance of Imperial Airways officials to give concise information makes it difficult to state just what did happen to the Delphinus at Udorn, but it appears that her landing gear was damaged when Captain L. J. R. White brought her down. A staff man, Mr. G. Bird, was also on the plane at the time, but most of the passengers were aboard the Delphinus.

The Dorado, piloted by Captain Dykes, left Hongkong at 11 a.m. on Saturday, with spare parts for the Delphinus, which it may take a week to repair. The mails were transferred to the Dorado, which made a quick trip from Udorn and arrived at Kai Tak at approximately 1 p.m. yesterday.

**Passengers by Delta**

Six Europeans, including one child, and one Chinese came in by the Delta on Saturday afternoon. Mr. and Mrs. L. de Robeck and Mrs. Muriel Baines returned from leave. Mrs. L. J. R. White, with her young son, came from London to join her husband, Captain White, who was piloting the Delphinus when the Udorn mishap occurred, and who came up yesterday in the Dorado. Mr. A. R. Lambert, Imperial Airways aircraft inspector, came from Bangkok.

### DELAYED THREE HOURS

Pan-American Clipper Away In Foggy Weather

Due to take-off from Kai Tak at 8.30 a.m. on Saturday, the Pan-American Clipper was held back until weather reports became more favourable, and did not leave until 11.45 a.m.

Her six passengers included Mr. Henry C. Lamond, who is returning to Honolulu after a two months' business trip to Hongkong and China. He represents several New York manufacturers, especially paper and stationery firms.

Messrs. Hao Chy-ku and Chiong Phoi-hun, who arrived by the Clipper on the previous day, returned to Manila.

### AIR FRANCE DEPARTURE

American Consul in Shanghai Among Passengers

Despite the murky, unpleasant weather on Saturday morning, the Air France plane left for France and intermediate places according to schedule. The nine passengers included Mr. M. Hall, American Consul in Shanghai, who went to Hanoi. He will spend a vacation of about 10 days in Indo-China before returning to Shanghai.

Other passengers were: Mr. Holtz, a director Eurasia Aviation Corporation, who went to Hanoi; Mr. P. M. Badre, Air France official, who also went to Hanoi; Mr. E. M. Abade, who is going to Beirut; and Mr. W. S. Lloyd, who is going to London.

## G.O.C.'S SIGNATURE

Alleged Forgery At Naval Base

A minute paper with a tag marked "urgent" and purporting to bear the signatures of the G.O.C., Malaya, the Commodore, Malaya, and the Civil Secretary, was an exhibit in a preliminary inquiry into charges of forgery and using as genuine a forged document, preferred against Major Winston Frugtniet and Christopher Rodrigo, who appeared before Mr. Conrad Oldham, in Singapore.

The minute paper, it was alleged, contained matters concerning a contract for 700 tons of timber for the Naval Base.

Frugtniet and Rodrigo, it was alleged, posed as employees of the Naval Base and went to saw mills and had discussions with the principal partner and the assistant manager.

In the minute paper, it was agreed to give a contract for 700 tons of timber at \$105 a ton to the Siong Lim Saw Mills.

The principal partner felt uneasy about the thing and subsequent inquiries at the Naval Base resulted in the arrest of accused.

Major-General Dobbie, Commodore T. B. Drew and the Civil Secretary to the Commodore, called as witnesses for the Crown, told the court that the minute paper was not a genuine document and that the signatures were not theirs. None of them had given any instructions for an order for timber.

In one portion of the minute paper, the signature "C. Dobby" appeared. On being shown the paper by Court Inspector Gray, the G.O.C. said it was not his signature and it was very unlike his signature.

operated by the C.N.A.C. will be inaugurated on March 14, a trial flight by a Douglas plane on March 8 having proved satisfactory. Planes flying between Chungking and Hanoi will stop over at Kunming.—Central News.

### FOUR SKELETONS FOUND

Port Abenl, Mar. 11. British Columbia timber cruisers to-day found four fully-clothed skeletons—grim evidence of what happened to Ginger Coole, an Army plane which disappeared on May 27 from Vancouver on its way to Zeballos. The plane crashed with terrific force in the woods in the Abenl Canal region.—United Press.

### GERMAN PLANE CRASHES

Milan, Mar. 12. Two German officers saved their lives by parachuting when a German plane bound from Tripoli to Stettin crashed at Dogaloe, near Ferrara. Four other officers and one civilian were killed.

The accident is believed to have been caused by formation of ice on the wings.—Reuter.

**Chinese And Annamites In Hanoi Brawl**

Hanoi, Mar. 12. A gang shot directed at a native passer-by, by an operative from a Chinese motor-car factory, led to the wildest street melee that the city has ever seen between Chinese workers and Annamites on Friday evening, causing scores of casualties on both sides.

The battle lasted for about half an hour between over 30 hands of the Chinese factory, and about 80 Annamite citizens in the street near the railway station. Flats and clubs were freely used. Native patrolmen intervened, but to no avail. A squad of French police reached the scene in the meanwhile and after arresting 18 Chinese finally succeeded in controlling the disturbances. Both sides suffered a number of wounded, some of them serious.—Domei.
